

ASTRAL
Sylo 2 LAYER WATER TANK

A great value product
with assured
performance

— **2 LAYER Specification** —

Outer Layer - Black

The outer layer of Astral Sylo Water Tanks is black in colour and designed to provide barrier for the sunlight to penetrate through wall of tank. This will also prevent all type of antimicrobial activities due to present of sunlight on surface of water tank / water. The black colour is also considered as strong UV resistant which also helps keep the polymer chain unaffected by UV rays in sunlight.

Inner Layer - White

The inner layer of Astral Sylo Water Tanks is made from 100% food-grade quality raw material and is white in colour which gives easy visibility for inspection.

THREADED LID

Astral Sylo tanks are provided with Threaded lid which ensures that the stored water is always dust free and hygienic.

AIR VENTILATION

Allows water to interact with the natural oxygen level in order to keep it fresh, helps to avoid deformations too.

FOOD GRADE

Safe to store water that may get used for drinking purpose.

UV STABILIZED

The UV stabilized layer prevents degradation and helps to fight any environmental stresses, cracking, chalking or loss in the physical properties of the tank.

BUILT STRONGER

Added ribs enhance durability. Less bulging with full tank thereby reducing the risk of bursting under pressure.

2 Layers

Product Code	Capacity (L)	Diameter (MM)	Height (MM)	Diameter of Manhole (MM)
