

ABOUT ASTRAL BASIN TRAP

Established in 1996 with the aim to manufacture best-in-globe plastic piping systems, Astral Pipes fulfils emerging piping needs of millions of houses and adds extra mileage to India's developing real estate fraternity with the hallmark of unbeaten quality and innovative piping solutions. Keeping itself ahead of the technology curve, Astral has always been a front runner in the piping category by bringing innovation and getting rid of old, primitive and ineffective plumbing methods.

The Astral Pipes has come up with one more value-added product "Basin Trap". The main objective of the trap is to retain water to prevent toxic gases containing foul smell, viruses and bacteria from entering the home via drain.

BENEFITS

It is useful to trap the debris which drained from the sink and put a stop on forming a clog deep within the plumbing system and prevent toxic gases entering the house.
